MARKINGS

The manufacturer is required to apply the following markings:

- Products shall be marked with the markings specified by the particular product standard.
- Products certified for Canada shall have all Caution and Warning markings in both English and French.

Additional bilingual markings not covered by the product standard(s) may be required by the Authorities Having Jurisdiction. It is the responsibility of the manufacturer to provide and apply these additional markings, where applicable, in accordance with the requirements of those authorities.

The products listed are eligible to bear the CSA Mark shown with adjacent indicators 'C' and 'US' for Canada and US (indicating that products have been manufactured to the requirements of both Canadian and U.S. Standards) or with adjacent indicator 'US' for US only or without either indicator for Canada only.

All markings required by CSA must be permanent and legible. Where it is not practical to place the marking directly on the component, the marking shall be located on the container or packaging. The content consists of:

Component (Except for POE components evaluated only to NSF/ANSI/CAN 61)

- Manufacturer's identification
- CSA mark with "C", "US" indicator and adjacent solid triangle;
- Designation "DRINKING WATER" below the CSA mark; and
- "NSF/ANSI XX" qualifier where "XX" designates number of appropriate NSF/ANSI Standard.

Each unit shall bear all the required markings identified in the applicable certification report(s).
